CLUE #2

Place one of the 1 ¼" x 1 ¼" DSP pieces in the top left corner.
Don't glue yet

CLUE #3

Place DSP that measures 1 ¼” x 2 ½” under the first one. Don’t glue yet

CLUE #4

Place one of the 1 ¼” x 1 ¼” DSP under the last piece.

Now you can glue all pieces down with liquid glue.

CLUE #5

Place DSP measuring 2½" x 1¼ on the right side of your card front at the top. Don't glue yet.

CLUE #6

Place your 2½" x 2½" colored cardstock square below the DSP piece on the right side of your card front. Don't glue yet.

CLUE #7

You have two small DSP pieces remaining. **Place** them side by side below the colored cardstock square. Once you're happy with their placement, adhere the pieces with Liquid Glue.

CLUE #8

Center and adhere the 2¼" x 2¼" colored cardstock square onto the 2½" x 2½" colored cardstock square.

CLUE #9

Stamp sentiment on Basic White 2” x 2”

CLUE #10

Add Basic White cardstock that measures 2” x 2” to the Colored Cardstock layer with Dimensionals

CLUE #11 - Optional

Does your card need a stamped image? A die cut? Use the Basic White and colored scraps to create that, then add it to the card front.

CLUE #12
