CLUE #1- These clues are for a portrait card. If you prefer a landscape card, use non-directional Designer Series Paper or reverse the DSP measurements

1. Colored Cardstock – 5 ½" x 8 ½", scored at 4 ¼"
2. Same Colored Cardstock – large scrap
3. Designer Series Paper – 4" x 5 ¼"
4. Basic White Cardstock – large scrap, large enough for 2 images & a sentiment
5. Basic White Cardstock – 4" x 5 ¼"
6. Large Sentiment Stamp
7. Image stamps that you can punch or die cut
8. Inks
9. Coloring tools if your image needs to be colored
10. Embellishments
11. Paper Trimmer
12. Snips
13. Adhesive – including Dimensionals
14. Punches, dies or scissors
15. Dies
16. Chocolate candy, if you don't have it, don't worry!

CLUE #2

Stamp Large Sentiment on Basic White scrap (hint: I suggest about a 3” x 4” layer for this clue if you are using a smaller stamp set)

CLUE #3

Use Paper Trimmer to cut sentiment layer to size

CLUE #4

Stamp two images also on Basic White scrap; color now if you need to

CLUE #5

Use punches, snips, or dies to cut out the two images from Clue #4

CLUE #6

Adhere the Basic White layer that measures 4” x 5 ¼” to the inside of your card with adhesive

CLUE #7

Add the DSP that measures 4” x 5 ¼” to the card front with adhesive

CLUE #8

Use Colored Cardstock scrap to create a Matt for the sentiment layer; adhere the sentiment layer and mat layer together with adhesive

CLUE #9

Add the sentiment layer with the Matt centered on the card front with adhesive (not Dimensionals)

CLUE #10

Add one die-cut or punched image to the top left or bottom left of the sentiment layer with Dimensionals

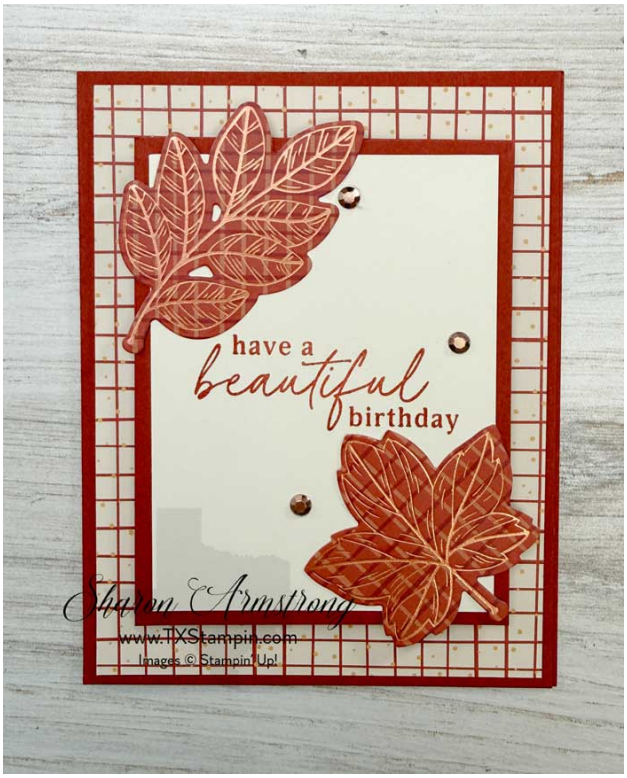

CLUE #11

Add a second image that you die-cut or punch out on the bottom right or top right corner, overlapping the sentiment layer with Dimensionals

CLUE #12

Add embellishments to the card front now
